PROFESSIONAL EXPERIENCE

Hyundai Motor Company

July 2024 - August 2026

Business Analyst II

Los Angeles, CA, USA

- Led a CEO-sponsored OPEX and contractor spend analysis across 6 departments, evaluating headcount ratios and spend policies to validate \$6M in annual savings against headcount and cost data and inform an org-wide policy overhaul.
- Built a Power Apps workflow tool to automate KPI collection and validation across 16 departments, enforcing data-quality guardrails on 100+ KPIs and surfacing results in a live Power BI dashboard; cut reporting time ~70%.
- Own a portfolio of 8+ Power BI dashboards serving leadership, operations teams, and external customers — tracking SLAs, headcount, budget, and KPI performance across business lines, providing real-time visibility that drives executive decision-making and client transparency.
- Drove end-to-end development of a customer SLA performance and incentive dashboard, modeling incentive structures against headcount and infrastructure costs in Excel and automating approvals via Power Automate; validated to generate \$2M in additional annual revenue.
- Engineered a Power Automate flow that converts SharePoint form submissions into formatted approval emails with scheduled sends, replacing a manual process and reducing turnaround time by 80%.

Panasonic

January 2023 - July 2024

Program Operations Analyst

Los Angeles, CA, USA

- Coordinated logistics operations across 30+ programs in the Middle East and Asia — aligning 5+ vendors and parts manufacturers to maintain schedule efficiency and protect \$250M in annual revenue across Boeing and Airbus fleets.
- Conducted data audits on aircraft delivery records, building a custom Excel reporting tool to accelerate identification of missing part data, schedule discrepancies, and vendor reporting errors and improve delivery accuracy for major airline clients.
- Collaborated cross-functionally with planning, engineering, and order management teams to monitor parts lead times and deliver data-backed insights that flagged bottlenecks and maintained service levels across global markets.

Planet DDS

August 2019 - November 2022

Brand Marketing Associate

Los Angeles, CA, USA

- Owned a company-wide brand audit across 200+ issues spanning internal departments and external sites — systematically identifying and resolving inconsistencies across all customer-facing and internal touchpoints.
- Built and templated 15+ project workflows to standardize content operations across teams, reducing ramp time for new initiatives and improving cross-functional coordination.
- Drove a 2x increase in organic traffic through SEO optimization of 20+ pages and grew monthly webinar registrations by 100% through targeted email campaigns via HubSpot.
